Strengthening Friendship: People to People

Haforsa Relasaun Amizade: Husi Povo ba Povo Maubisse

Introduction to Conference Summary

The Strengthening Friendship: People to People Workshop/Conference August 2010 followed the successful Australia and Timor-Leste Friendship Conference in Melbourne 2003, then in Baucau 2004 and in Dili July 2008.

At the July 2008 Conference participants requested a bi-annual meeting. The purpose of the Workshop was to provide Friends of Timor-Leste from Australia and Timor-Leste a face-to face opportunity to discuss with each other how we can continue and enhance our good and productive friendship for the next ten years.

The agreed aims of the Workshop/Conference were to:

- Consolidate the principles of the Australia-Timor-Leste Friendship groups
- Plan for future activities, and
- Improve coordination and communication

The workshop, which was held in the hilltop town of Maubisse was organised jointly by the Timor-Leste Ministry of State Administration and Territorial Management and the Australia Timor-Leste Friendship Network.

The Australian Friends were enabled to visit their East Timorese Friends beforehand and meet with local officials and representatives of partner organisations, and to meet representatives of government and non-government organisations in Dili.

The workshop was attended by approximately one hundred and forty participants, including representatives of the Timor-Leste government and government departments, most of the District and Sub-District Administrators, representatives of some of the Australian friendship groups and some East Timorese and Australian NGOs

Operational Issues

The Conference organisation and operation were under the Management of State Administration and supported by the Australia Timor-Leste Friendship Network participants. The conference was co-funded by participants from Australia and their Registration fee and generous AusAID funding. The continued support of AusAID is appreciated by all.

A Summary report

This summary is abridged for Day One because the relevant notes were misplaced on the return to Dili and copies did not exist. The Australia Timor-Leste Friendship Network Facilitators in Australia and Timor-Leste have combined notes of a number of contributors and we thank them for their efforts and contributions.

Agenda

Strengthening Friendship: People to People

Haforsa Relasaun Amizade: Husi Povo ba Povo

Maubisse, Timor-Leste

6.00pm Invited Guest Drinks at Australian Ambassador's residence

(Note: the conference process did not accord precisely with the agenda as a result of the need to make changes to accord with the time available. This was discussed and agreed to by the conference participants at the time).

Speech by H.E. The Ministry of State Administration and Territorial Planning

The Friendship conference between Timor-Leste and Australia, 27 August 2010

Your Excellency, the President of Republic, Dr José Ramos Horta

Your Excellency, the Australian Embassador to Timor Leste, Mr Peter Heyward

Mrs. Rae Kingsbury, President of Australia Timor Leste Friendship Network;

Districts and Sub- Districts Administrators

Friendship coordinators from Timor-Leste and Australia.

Ladies and Gentlemen, Participants, Friends

First, as Minister of State Administration and Territorial Planning, I would like to welcome you all, especially, our friends from Australia who come to this second friendship meeting.

Two years ago, in June 2008, we had the first friendship conference, as we are doing today, between the friendship group of Timor Leste and Australia . If, in 2008, we held it in Dili, as the capital of Timor Leste, so, in 2010 the friendship conference is held in the Sub- district of Maubisse. Why should we have the conference in Maubisse?

Friends, we thought that have the second conference in Maubisse, will help us to look directly and understand the real life of people in the Villages and sucos. We also thought that if we have the second conference in Maubisse, our friends from Australia would see and feel the reallities of community life, as it is the same as other places around Timor Leste.

Friends,

I still remember the speech of His Excellecy, Prime Minister Mr. Kay Rala Xanana Gusmão, in the first conference in 2008, that: "The relationship between nations/countries is not because of the leaders who have diplomatic relations, but most important is the relationship between the people in those countries".

I also still remember the speech of the President of Republic, Dr. José Ramos Horta, in 28 July 2010, when he first launched the Border Pass in Maliana, that: "Not the President, not ministers, not directors who strengthen the relationship between two countries, but the people of two countries will strengthen the relationship between both countries". I wish to inform all of you that, starting 28

July 2010, the population of Timor Leste and Indonesia who live around the border, they may visit each other without visas. It means that the population living around the border area, may feel like, they are-, in diffrent countries but they look like brothers and sisters who have good relationships, Because, of these good relationships it will make the relationship between the two countries become stronger.

Ladies and Gentlemens, Friends,

Everything that, I have just mentioned above, relates to the topic that we have for this conference: "Strengthening friendship: People to people" or "Haforsa relasaun amizade: husi povu bá povu". So, I want to say that a nation is people, and the relationship between the people is permanent, and stronger than between the goverments and the leaders. With the strongest relationship we may strenghten the more relationship between these two countries. In2003, when we had the first conference we called "Working together for East Timor" or "Servisu hamutuk bá Timor Leste", which was organized by the Victorian Local Governancae Assocoation of Victoria, at the same time the His Excellency, President of Republic Mr. Kay Rala Xanana Gusmão, decided to have similar conference in Dili. So, the conference "Working together for East Timor" was an embryo of the friendship conference, which today we realised as the second conference.

Now, in 2010, the topic for this conference is "Friendship cities or relasaun cidades amigas", which means many municipalities or councils in Australia that have already had a relationship with the cities in Timor Leste, especially with Districts and Sub-Districts. We recognize that this relationship is facing many challenges, such as: linguage and communication, but, with the conferences that we have been organising for two years, we might help to reduce these challenges. So, the relationship between people in both countries may give us a life and enable us to live in peace and love. We also recognize that Timor Leste is one of a nation that receives lots of Australian aids. However, I ask the Timorese not depends to much on aids, but, throught this relationship, we can learn how to develop our selves, and we hope our friends from Australia can receive our peace and love, and the goodwill our people towards our friends in Australia.

Ladies and Gentlemen, Participants, Friends

Finally, I would like to say that we have a similar opportunity to the one we had in 2008, that is the relationship between the people of both countries should come from the heart, not involve the – politics in this relationship and the government should just act as facilitators. I hope, during these two days, friends from Timor Leste can talk to friends from Australia as brothers and sisters, and do the evaluation, consolidation, coordination and communication with each other. For, District and Sub- District Administrators, who have not got a friendship relationship yet, this is an oportunity try to find friends from others cities, councils and munipalities that are here. For those who already have a relationship, this is an opportunity to talk and share ideas about which areas need to develop more, [serve or threat our friends as our self].

I want to say that this conference is way for people to demonstrate the spirit and solidarity between people in both countries, without any political intervention but, with mind and heart, contribute through for this conference to building the relationships between people in both countries.

Once again, I would like to congratulate you all, especially our friends from Australia who are participating in this conference and give you my best wishes "GOOD LUCK"

I declare that the second Conference of Friendship between Timor Leste and Australia, 0n 27 August 2010, officially open", Thank you very much.

Tetum version:

MINISTÉRIO DA ADMINISTRAÇÃO ESTATAL E ORDENAMENTO DO TERRITÓRIO

Gabinete do Ministro

"Nune'e hau declara Conferencia Cidades Amigas entre Timor-Leste no Australia bá dala rua, 27 de Agostu 2010, loke oficialmente."

Obrigado.

Maubisse, 27 de Agosto de 2010

Dr.Arcângelo Leite

Ministro da Administração Estatal e Ordenamento do Território

A keynote address was given by the President of Timor-Leste, Dr José Ramos-Horta. There was criticism of much of the aid provided to Timor-Leste, which he said had not made an impact on local people. However, he described the Australian government's new strategy as now better aligned with the Timor-Leste government's priorities.

'No country in the world has committed more than Australia to Timor-Leste.'JRH

The President described the essence of the friendship relationships as 'people to people' and called for each of Sub-Districts in Timor-Leste to be 'adopted' by an Australian Local Government, with the aim of creating one hundred friendship relationships.

'My hope is for each Suco in TL to be adopted by a council in Australia. 400 Sucos in TL, to be adopted by 400 councils in Australia ... each school in Australia to adopt a school in T-L, if each council adopt a sub-district. I told Abel Guterres I want 100 friendship groups in Australia. Please spread the message. I want you to reach 400 Sucos in Timor-Leste. It is no big deal, you can do it.'

HE Peter Heyward, Australian Ambassador, Timor-Leste

The Australian Ambassador to Timor-Leste, Peter Heyward, said that one challenge for the friendship groups is to ensure that they are aware of the changes which have taken place recently in Timor-Leste and plan for the future. In particular they should take account of the Timor-Leste Government's Strategic Development Plan in any District.

H.E. Kevin Bailey

The Timor-Leste Honorary Consul, H.E. Kevin Bailey addressed the conference, thanking conference participants for their participation and noting the continuing strength of the friendship between Australia and Timor-Leste.

Mrs Rae Kingsbury

The Coordinator of the Australia Timor-Leste Friendship Network and Facilitators, Rae Kingsbury, acknowledged and shared the participants of the three 'principles' underpinning the friendship relationships; i.e. Timorese-led decision-making, Long-term (minimum 10 years) sustainability and Collaborative partnerships.

Reports by District Administrators

The District representatives each presented a representative of their friendship group with a *tais* scarf as a token of the relationship between them.

Each District Administrator discussed the development of their friendship relationship in separate groups and identified their strengths, and opportunities and challenges for the future. Many of the challenges were similar for each District e.g. language and communications, transport, lack of a contact person in the District, etc.

Dili and Cova Lima:

Strengths:

- Number of external relations, capital Lusophone cities advice, assistance
- Just finished just training 25 people from sub-districts.
- Some repetition with Australian friends. 2002 rgst-2003 est, strong history.

Challenges:

- Language/communication problems.
- Visa problems to Australia.
- Contact point in each organization. Sub-districts might want relationships but have to go through DA.

Opportunities:

 Train expert staff in Dili, staff exchange, facilitate individual (non-friend) contacts, e.g. NGOs, state, federal government.

Cova Lima:

- Strengths: Port Philip-Suai 10 years, full-time coordinators in both,
- community radio station, Kiama Zumalai 2 years, local c'tee, strategic plan from Zumalai, mobile phones – improved communications.

Challenges:

- Limited resources for Zumalai plan. No internet, limited language.
- Transport very difficult, time-consuming and difficult. Need to form closer relationship with DA.

Opportunities:

 Exchange info between local groups, work with local schools, on sanitation and clean water.

- Improve communications, actually implement MOU.
- Work out who is responsible for decisions in Dili, English language and internet training.

Bobonaro:

Strengths:

- Leichhardt, Mt Alexander, Victoria. Strong, positive and good quality relationship,
- Community feels happy, community to community.
- Exchange programs to Mt Alexander and to other Bobonaro sub-district groups. Many useful projects, solar, library, art classes, laptops, dictionaries to schools. Water supply, toilets, library, guest house in Balibo. Strong commitment despite problems, especially with Lolotoe.
- Good contacts have helped communications.

Challenges:

- Cailaco, Atabae do not have friendship groups,
- Bobonaro/Hepburn not active.
- No internet with Lolotoe, money and budgets for projects, educating community in Australia, more support, volunteers, money.

Opportunities:

- Teacher training, scholarships, student visits/exchange, friendships between schools, study tours, tourism, decentralization will help direct relations.
- Conference in Australia, 100s of individual friendships, staying in each other's countries, triple bottom line sustainable local communities.

Liquica:

Strengths

Moonee Valley. Communication improving, establishing commission,

Challenges:

Communication

Opportunities:

• Agriculture, health, especially education, also environment, sanitation, forming a stronger friendship.

Ermera:

Strengths:

- City of Casey: Friendship MOU, the people,
- 8 visits to Casey, development program, education/kindergartens, schools, training programs – teachers and kindergartens,
- STEP program, scholarships (two students at teachers college),
- completed school in Hatolia.

Challenges:

- Language, communication,
- geography and roads,
- expectations around work,
- needs good office, motorbike, equipment,

Opportunities:

Strengthen relationship, Learning English, priority to base projects on national plan, extend scholarships to university, support women, especially in remote areas, more Australian volunteers.

Oecussi:

Strengths:

 Don't have Friendship relationships, but do receive support from Australia, local authorities not informed.

Challenges:

• Communications, transport, difficult to access/remote,

Opportunities:

• If you do go there we will look after you. We hope friends will be established.

Aileu:

Strengths

Good communications and co-ordination, good support for AVI, DA open to ideas, friendship commission willing to consider ideas, five year strategy plan, five year friendship agreement.

Challenges:

 Increase support from young people to hand over to next generation, job creation in Aileu.

Opportunities:

- Plans for next 10 years:
- Promote Aileu as tourist destination, as model,
- Involve councils in transition to local government in T-L.

Manatuto & Manufahi:

Strengths:

• Strong relationships between people in TL and Australia, support from friends in Australia, education, computers, kindergarten, teachers,

Challenges:

- Difficulties with language,
- bad roads/transport,
- no internet, no telephone in some places,
- lack of human resources and finance,
- no women's program in Lailea.

Opportunities:

- Computer training, Timorese to Australia,
- Timorese to study English, Australians to learn Tetum,
- education, help young people with computer training, scholarships, one more sub-district to have friendship group.

Baucau:

Strengths:

Every sub-district has friendship group, long friendship,

Challenges:

 Same challenges of other districts, planning for ten years or the future – we want equality for gender.

Opportunities:

- More opportunities for women in Baucau!
- Visits to Australia, greater support from local government/DA, student exchange, stay in homes, not hotels.
- We have planning and we have dreams.
- More support for local committee, SDA to Australia.
- Three of six sub-districts have friendships, three more needed.

Ainaro:

Strengths:

- Three strong friendships: good social relations over many years,
- strong program over long time,
- strong local participation,
- work in all sucos.
- Local capacity development.
- Strong commitment from Australian council and engagement of local businesses strong budget.

Challenges:

- One sub-district not yet have friendship program.
- Communications, especially in outlying areas, phone, language, cost of communications, lack of electricity, bad roads, lack of local people to voluntarily assist in programs.
- Sometimes poor facilities for visitors.

Opportunities:

- Sub District Hatululu friendship, unity, strengthen friendship, activities to benefit local communities, health, education, etc.
- Timorese study in Australia.

- Small business and income generation, tourism,
- English and computers, more formal planning structures and future planning.

Viqueque:

Strengths:

- Strong friendship between communities,
- regular group visits, language improving,
- love, trust and loyalty,
- lot of local volunteers,
- language is not a barrier,
- based in 14 different Geelong schools.

Challenges:

- One sub-district doesn't have relationship, two struggling,
- communication still needs improving,
- identifying needs in health and education sometimes difficult.

Opportunities:

- 10 year plan,
- exchange visits,
- local government,
- education, health groups, community development worker in Vigueque,
- sharing ideas and successes within and between groups, develop networks.

Lautem:

Strengths:

Good friendships, friendship commission, supportive organizations.

Challenges:

- Not possible to support all activities,
- Communications difficult, lack of internet,
- some areas do not have friendship relationships, don't have friendship office.

Opportunities:

- Friendship Commission, greater cooperation and visits for Sub District Administrators,
- exchange students, scholarships for vocational training school,

• comparative study from two cities, journalists, teach English and Tetum and English- Tetum dictionaries.

Overall

Strengths: Strengths of friendship groups, success of programs.

Challenges: Communication, roads, infrastructure, some areas not yet have

groups

Opportunities: Study in Australia, new friendship programs, exchange

programs - more visits.

Day 2 Saturday 28 August 2010

Australian Friendship Group leaders were asked to provide brief points on activities and issues in Australia:

Darwin-Dili Leigh Gregory:

Working with 'Action for Change' Foundation: youth group, teaching English, computer workshop/internet cafe, training to help youths become more employable. Internet café runs at a profit and subsidises English language, computer training and youth group.

Raise money in Darwin through quiz nights.

Friends of Maliana AVI, Gail Clifford &

Blue Mountains-Hatubilico

Blue Mountains East Timor Sisters, women's group, we work closely with the Blue Mountains council, but our main fund raising is through garage sales.

Collect goods from community and make around \$3000 from each garage sale. Work with women's NGO in Dili, who identify scholarships for women and children, veterans centre, three pre-schools, domestic violence clinic, solar panels on nursery – we raise the money and the council spends it.

Bendigo-Maubisse Leon Scott:

Don't raise a lot of money but do raise a lot of volunteerism.

Salvage goods from demolished colleges; desks, chairs, blackboards, over the last three years, 35-40 of volunteers have salvaged goods totalling 17 container loads of furniture.

118 builders have paid their own way to come from Australia, along with 21 literacy experts. We also raise funds by holding film nights and talk to service clubs.

Linda Wimetal Mornington Peninsula-Friends of Los Palos

We began in early 2000 after meeting Xanana Gusmao, then president of CNRT, who was in the area to meet his future mother-in-law, and Abel Guterres, then representative of CNRT. Xanana urged council to get Friendship group up and running.

Friends of Los Palos is a Section 86 Special Committee of Council this gives credibility and trust in the community.

Fundraising is through schools, churches, Rotary and other non-profit organizations, helping to build a stronger and more caring local community.

Council provides small grants to cover basic costs such as printing.

All funds are raised in the community and every dollar is used in Los Palos.

Travel to Los Palos is self-funded. We raise money through the entrance fee from the Herronswood Garden opening, special events, sales of Timor-Leste coffee and handicrafts, a specially labelled fund-raising wine, information nights 'Tales from Timor' to raise awareness and raise funds.

Communication

Role of M.S.A.T.M.

- Promote friendship relationship at local level
- Monitor activities of friendship Groups
- Distribute information about activities of Friendship Groups to the districts

Role of ATLFN (AusTimorFN)

- Collect and exchange information b/n friendship groups
- Distribute info from MSATM
- Act as a contact group for friendship groups
- Communication not control

Ainaro

1. Protocols:

- Ideas come from East Timorese community (prioritise and identify)
- Establish local committee DA, Xefe, SDA, youth, women on committee
- Local committee speak with local stakeholders e.g. Education director before speaking with Friendship Groups
- Have common understanding of projects/aims e.g. MoU for project
- Have basic agreement/understanding by committee of projects/plans before vols come form Australia and commence initial stages
- Land title/ ownership confirmed in writing
- Sub districts some don't have copies of MoU form DA
- Clarify aims/expectations by both sides

Protocols Tetum

- Idea mai husi comunidade
- Estabese comite Amizade local
- Iha precepsaun hanesan kona be projetu
- Identifika ai anim confimado ba document
- Husi subdistristru presiza kopia karta ofisial/ou karta MoU husi DA

Page 2

2. Timeframe 5yrs (?)

Priorities within timeframe

- -SDA think agreements should be district by district
- -Devise checklist for all groups:- considerations for agreement/ issues

Groups without Friendship Link

- Contact Abel Guterres via ATLFN (-organisers)
- Community discussion/consultation after initial request via SDA/DA to alleviate unreal expectations
- Formal letter from SDA requesting establishment of Friendship Group.
- Provide contact person for SDA for follow up on progress

Tetum

Action Planning Process -Next 10 years of Friendship

What can the Friendship Network and State Administration to support and strengthen the work of Friendship Groups in the Friendship Movement?

What will Friendship Groups do to harmonise and coordinate activities with GoTL and other donor and TL NGO activities?

Feedback and identifying priorities

Looking forward:

Should there be protocols to follow when planning and setting up projects?

Are there parts of friendship agreements that should be standardized?

Maire Sheehan, Damien and Abilio jointly hosted and facilitated this session.

Resolution discussed and passed unanimously

- 1. Establish AusTimorFN website in cooperation with State Administration to share information between Friends in Timor-Leste and Friends in Australia.
- 2. That State Administration put information on decentralization, budgets, donor projects, district project etc on the website.
- 3. AusTimorFN put Friendship projects and contact details on the website. Friendship groups to send in information on their activities, e.g. sharing of protocols (as discussed and shared in morning session).

Discussions- Questions and Answers/ Comments:

Q Louise: In general happy with idea and it is fantastic to share information. Our role as friendship groups is very different to working with government, concerned about government bureaucracy.

Answer Maire: Principles of community to community do not change. This is only for information sharing, not for decision making. The Friendship network is not an incorporated body and does not have authority to make decisions.

Q. Barb Godfrey: Communication is one of the biggest issues; report available other than via website?

Ans. Maire: Will also e-mail to all people at conference, those with e-mail will send message to those without e-mail.

Q Harmy: If we use internet access we have to make sure we maintain access to the people.

Comment Gary Jungwirth: I think there is a misunderstanding of 2008 resolution. I will support the resolution. But a lot of friendship groups not here have strong views about role of network. An agreement should be of those in attendance, not those not in attendance.

Ans Maire: Absolutely.

Q Atauro: We have been hearing DAs and members they don't have active internet access. Australia already has a well functioning Friendship Network, so State Admin should establish central Friendship commission for T-L communication.

Answer Abilio: In 2008 Minister Arcangelo Leite met Minister Richard Wynne to ask for focal point but no result until now. Not supposed to be with government. The question is how to establish the friendship. Need to get info from website not from government. Intend to increase internet access to the local level to take government out of equation.

Comment Maire: Perhaps we can also help with internet access/communication. We will produce report in both Tetum and English.

DA Atauro: Can our proposals/protocols work?

Ans Maire: We have to work on this. It is a start, a beginning for communication. This is a new kind of communication, which will become more common in Timor-Leste in the future.

Comment and request Mario, Aileu: Request to organizers for next conference, you can bring your youth as well, because one day we are all going to be resting for a very long time.

Resolution passed unanimously.

Closing Remarks of the Australia Timor-Leste Friendship workshop Sr Abilio Caetano:

A Message from National Director of Local Administration

My respects to all the participants, friends from Australia and Timor-Leste;

My respects to Districts and Sub-districts Administrators,

My respects to Mrs Rae Kingsbury, President of the Australia Timor-Leste Friendship Network,

My respects to Professor Damien Kingsbury,

First, I would like to congratulate friends and all participants who have been taking part in this conference during these to two days with the full attention. Even, with very limited facilities, I can see that, you all never felt tired and have attended all of the activities.

Friends.

I want to remind all of us of the message of our President Dr. José Ramos Horta, who said; "it is not the President, nor ministers, nor the directors who strengthen the relationship between our two countries, but the people of our two countries who will strenghten the relationship between both countries". And also remember the speech of the Australian Consulate-General to Timor Leste, Mr Kevin Bailey, who said; the friendship relationship is not between rich and poor, but comes from the love between people.

So, I think that this second conference will strengthen the relationship between our two countries, especially people two countries that such strong feeling and love.

Friends,

I can see that, even though, we have already have the good relationships with city councils from Australia but we are still facing problems because of communication. Estatal will establish this website with the Network for information sharing purposes. This will help our friends in Australia better understand what we are doing. We will also communicate with Foreign Affairs.

But through this conference, we hope that, we can solve this problem, so, we believe or hope to streingthen the relationship between the people in our two countries can still continue. Because of that, I would like to say thank you very much to friends from city councils in Australia who have been helping people in Timor Leste, through the friendship programs.

I would also like to ask, the Timorese who have became Australian citizens to help and contribute to the friendship programs. If it possible, the Australia Timor Leste

Friendship Network, could help give this information to them, because I think they also want to help their friends in Timor Leste. If, the Timorese in Australia became involved in this conference, the communication problems like I have mentioned above can easly to solved.

Friends,

Lastly, I would like to congratulate you all for your contribuition, so that, the second friendship conference can be held in Maubisse, even, with minimum facilities. I also want to say to you all, specially friends from Australia that I am sorry for our limited ability to accommodate you and in the running of this conference.

I want to say thank you very much to Mrs. Rae Kingsbury and to, Professor Damien Kingsbury who arrived two weeks before this conference to help with the preparation for the conference, and I want to say thank you very much to sister, Lorraine McBride from Friends of Baucau who has helped with preparation of this conference.

I also want to say thank you to Aus Aid which gave to enable the holding of this conference and to Leichhardt City Council in Sydney which conducted fundrising for this conference.

Thank you very much to you all and we hope to see each other at the next conference.

Thank you for your attention.

Reception Ambassador's Residence

On the evening of 29 August, Australians and State Administration Conference Organisers attended a reception for participants of the Maubisse workshop at the residence of the Australian Ambassador to Timor-Leste, Peter Heyward.

At the reception, the Ambassador spoke about the importance of the friendship relationships.

Kirsty Sword Gusmao spoke about a program to support the use of local languages in Timor-Leste. Kirsty thanked Friends of Aileu participants at the conference Richard Brown and Gary Jungwirth for bringing two donated laptop computers to Dili for use in a literacy project which she is sponsoring.

Thank you to Ambassador Peter Heyward and his wife Susan for their hospitality.

Australia Timor-Leste Friendship Network Facilitators also expresses our grateful thanks to the Facilitators Professor Damien Kingsbury and Ms Deolinda Cunha for their expertise and support for the Conference. April 2011

Media Release/Statement

Strengthening Friendship: People to People

Haforsa Relasaun Amizade: Husi Povo ba Povo Maubisse, Timor-Leste 27 & 28 August 2010

The Australia Timor-Leste Friendship movement has committed itself to continuing the Friendship process for the next ten years. At the end of the first ten years of the Australia Timor-Leste Friendship movement, each of the Friendship groups attending the 'Strengthening Friendship; People to People' conference held in Maubisse over 27-28 August, recommitted themselves to a further ten years of Friendship with the people of Timor-Leste.

The Australian Friends of Timor-Leste at the conference also unanimously voted in favor of the Australia Timor-Leste Friendship Network (AusTimorFN) establishing a website in cooperation with State Administration to share information between Friends in Timor-Leste and Friends in Australia. The conference brought together more than 100 people from Friendship groups in Australia and Timor-Leste for what was Timor-Leste's largest international conference outside Dili.

Addressing the conference, the President of Timor-Leste, HE Jose Ramos-Horta, highlighted the role played by the Friendship movement in underpinning relations between Timor-Leste and Australia. President Ramos-Horta said: 'No country in the world has committed more than Australia to Timor-Leste.' 'My hope,' he continued, 'is for each suco in Timor-Leste to be adopted by a council in Australia. I want each school in Australia to adopt a school in Timor-Leste.'

Opening the conference, the Timor-Leste Minister for State Administration, Snr Arcangelo Leite, said he warmly supported the Friendship movement and wanted to see it continue to develop and to progress. He said that governments come and go, but that friendship continued.

The Australian Ambassador to Timor-Leste, HE Peter Heyward, told the conference that the Friendship movement was a true symbol of the closeness of Australia and Timor-Leste. He said that the people to people relationships provided an underlying substance to more formal bilateral relations.

The conference addressed a number of themes, with the individual Friendship groups identifying the long-term commitment of both Australian and Timor-Leste friends to the movement as being their greatest strength, followed by the successes of their many local projects. Communication, including language, telephone, internet and sometimes road access, continued to be the biggest challenge to the movement. In his closing remarks, the Director of State Administration, Snr Abilio Caetano, referred to brothers and sisters coming together in love, peace and solidarity. He said that the challenges to the Friendship movement were in the process of being overcome.

The Convenor of AusTimorFN, Rae Kingsbury, offered her warm thanks to the participants to the conference, saying that the Friendship movement was owned by those people who comprised it.
